PRESBYTERIANS OPEN OFFICE FOR CHURCH ADVERTISING

Department Publicity First to Educate Churches to Systematic Regular Newspaper Advertising.

The department of Publicity of the Presbyterian church in the U. S. A. is the first in the country to undertake systematically to educate churches up to regular newspaper advertising. This department, whose headquarters are in New York City, has just opened a Western office in Chicago, with Mr. Mr. Herbert H. Smith in charge. The special work of this office will be the development of this plan of systematic newspaper advertising by the Presbyterian churches.

Mr. Smith was formerly managing editor of the Continent of Chicago and prior to that was engaged in daily newspaper work. He has specialized in church advertising. He is the author of a book on the subject and has given lectures on it in McCormick Theological Seminary.

Already Presbyterian churches are doing a great deal of newspaper advertising and are responding rapidly to the work of the Presbyterian Department of Publicity along this line. So great has been this response that it has become necessary to open this western office.

'LEFT-HANDED MEN' SUBJECT TONIGHT

REV. SNODGRASS' SERMONS DRAWING BIG CROWDS NIGHTLY

DEPARTMENTS AT WORK

Entire First Christian Church Organization Giving Strong Support to Revival.

Every department of the First Christian church is now organized to help in the big revival service which opened Sunday night. Cottage prayer meetings are being held in the homes each afternoon at 2:30 o'clock. The first were held yesterday and fifty five women attended. All women in the city are invited whether member of this church or not.

The men of the congregation have also started a prayer meeting to be held each morning at 10.30 o'clock in the church parlors. W. C. Frank is the superintendent of these men's meetings and will lead the services tomorrow morning. Another prayer service of fifteen minutes will be held each evening at 7:15 in the Berean class room of the church and all men and women are invited to this meeting. Rev. R. E. Snodgrass, the pastor, who is conducting the meeting, assisted by Prof. J. A. Kay, singing evangelist, is emphasizing the prayer life and urging the church workers to make use of this force during the revival. Many people from the country are attending the crowd becoming larger nightly so that the large church building and galleries will be completely filled by the last of the week.

The sermon subject for tonight will be "Left Handed Men," with solo by Prof. Kay. Mr. Kay sang effectively last night and he has wonderful powers of leadership.

The subject of Mr. Snodgrass' sermon last night was "God's Armour Bearers" and he said in part;

"Everyone who wins souls in this meeting will receive his pay in the glorious fact of having saved a soul from death and hidden a multitude of sins. And I would rather be a humble disciple in a humble pew and walk to a humble home and win a soul to an acceptance of a humble savior and receive my pay in the glorious happiness of knowing that I had saved a soul from death and hidden a multitude of sins and fitted one man for heaven, than to stand in an opulent pulpit before conceited aristocrats adorned in silks and satins and preach with a silver tongue namby, pamby, shilly, shally, gushing, mellifluent sermnettes and receive one tenth the income from their bursting treasuries."

"We are commanded by no less authority than Jesus Christ to preach the gospel and win souls. Don't think because you don't wear a prince Albert coat that you cannot preach. An old felt hat or a pair of blue jeans is just as much a true preachers attire as a plug hat or a white neck tie. You don't have to stand in some church before some pulpit stand before you can preach. That farmer's plow beam that architects table, that carpenters bench, that masons mortar box, that merchants counter, that lawyers desk, doctors chair, that bums telephone post, are according to the evangelizing spirit of the early church a struly Christian pulpits from which can proceed the glad news of the risen Lord as any magnificently adorned platform that ever graced the eloquence and dramatic art of the world's greatest preachers.

"I urge everyone to prepare themselves for work in this meeting by first consecrating themselves to the Lord. Be sure both your feet are out of the mire before you try to pull somebody else out. You can't think more of the lodge, club, dance or anything else and be worth anything in this meeting."

JOE ARCHER INJURED WHEN CAR JUMPS EMBANKMENT

Was Pinned Under Car for an Hour Before Help Came, Injuries Not Severe.

Joseph Archer of near Stanberry, while on his way to Maryville last evening to attend the Elks lodge, sustained several bruises and cuts when his car went off the embankment on the east side of the old river bridge. The lights on his car went out about the time he approached the bridge. The ditch at that place is very deep and Mr. Archer was pinned under his car for an hour before help came. "Buck" Gunn, a colored man, rescued Mr. Archer. Mr. Archer was able to be initiated in the Elks after the accident.

COAL SUPPLY ABOUT EXHAUSTED HERE

CITY DEALERS PRACTICALLY OUT OF SOFT COAL.

WEATHER SAVES COAL

Water Company Using School Supply. Light Company Also Unless Order Arrives Soon.

Washington, Nov. 19.—"The public must be protected" was the ultimatum laid down today to the coal miners and operators by Federal Fuel Administrator Garfield. Garfield declared the negotiations between the operators and miners have virtually resolved into effect to determine how much the public will stand in the way of increased prices of coal. He gave warning this must stop and both parties must come to a speedy agreement.

Every coal dealer in Maryville is practically out of soft coal. Some of the dealers expect to have a car in within a few days or so. There is some hard coal and coke yet to be secured, as one dealer has a car of each on hand.

The most promising aspect of the situation is the mild weather of the last few days.

Radical curtailment of train service is expected soon. Action in this matter will be dependent upon the acceptance of Director Walker D. Hines of recommendations of the regional committee made at Chicago yesterday. It is expected that forty per cent of the train service in the Chicago territory will be curtailed.

The coal strike situation has reached that point where action is regarded as absolutely imperative and Dr. Harry A. Garfield has been clothed with all his war time powers as fuel administrator and acted by authority of the President's Cabinet.

Reports from widely separated sections of the country brought the same story of a rapidly vanishing coal supply, with indications that hundreds of industrial plants would be forced to close shortly unless coal production was put back to normal.

The water company is now getting their coal from the public school and the light company will also use this coal unless their cars should arrive soon. The public school has a full winter supply on hand.

RURAL PUPILS SHOW AGRI. SKILL

LITTLE BRICK AND EVANS UNITE IN PROGRAM.

PATRONS JOIN CONTEST

Scholars Prove Wonderful Progress in Vitalize Agriculture Work. Make Articles Before Audiences.

A vitalized agriculture meeting was held at the Little Brick school house last night and was taken part in by the students of the Little Brick and Evans schools.

The first number on the program was a description by Wilber Bush of the Evans school of how how ranges and townships are established in land surveying. He drew the base line and the prime meridian and located townships and ranges while he talked very fluently. A surveyor could not have explained better.

Gerald DeWalt explained his drawings for the pig trough. He explained the boards, the length, width, etc., and how the parts were nailed together. He had his trough and pointed to each part as it went into the trough.

How the stock surveys were made in the district was explained by Cecil Hieronymus. He used for an illustration the survey of L. U. Houston's farm. He did himself great credit.

Donald Walker explained how the stock surveys were summarized. He talked like a Boston lawyer, so great was his interest.

Recitation, "The cow makes farming more profitable," by Juanita Brittian was rendered in a very credible way. Everyone loved the cow a little better after hearing her earnest plea.

Composition on "A field trip to Collect Insects" was given by Alice Nelson. This showed the correlation of language with agriculture. The composition was clear and interesting and showed great skill.

A display of insects collected and remedies for each was given by Anna Walker. She had everything from a cockroach to a bedbug. She told the damage each did, his habits and how to eradicate him. She was such a little tot that it was wonderful.

A demonstration of how the breeding boxes and mounting boxes were made and used at the Evans school. He took out his knife and actually made one of the boxes while he talked. He then showed numerous other mounting cases and insect breeding boxes. He knew his subject.

A locating of land contest by Earl Hieronymus of Evans and Gerald DeWalt of Little Brick was so close that they had to try three contests to decide Little Brick winning at the last. It was really wonderful and all the patrons admitted that it was the greatest thing they had seen in school. The readiness with which those boys described a plot of land drawn in a congressional district by Mr. Cooper was surprising.

Two little girls Una Hieronymus, of Evans and Opal DeWalt of Little Brick contested in board sawing. Little Brick won. They did excellent work.

After the children had sawed the call came for the board members from each district to contest. Mr. L. U. Houston represented Evans school and competed against Mr. Thomas DeWalt of Little Brick. Evans school won in the contest.

The teachers then contested. Miss Chloa Hoshor of Little Brick and Emma Hoshor of Evans. Little Brick won in this contest.

Some talks were made by the patrons. Mr. Nelson said the work was doing children good and patrons too. Patrons learn and the pupils learn.

Mr. Houston said he did not become interested until vitalized meeting. Sees the wisdom of learning things as the necessity arises. This makes the knowledge more practical and one remembers it longer.

Mr. DeWalt said their school has improved wonderfully under the new plan. School board is co-operating with the teacher. Has wondered why the vitalized plan has not come long ago. They are commencing the work from the other angle from the way he learned it and its right. The motive comes first. We appreciate what the teachers and pupils are doing and going to give them our best support. Other talks were of the same tone of appreciation.

Miss Carrie Margaret Baker is visiting in Kansas City this week.

TRIAL OF CASPER OFFENDERS OPENED LAST OF MONTH

Change of Venue will Probably be Asked and Case Tried in Lander District.

The following is from Monday's Casper Tribune:

H. D. Armstrong, Charles Moore and R. E. Martin, all charged with being principals in the murder of Tom Majors, deputy sheriff, November 2, and bound over to the district court, probably will not come up for trial until after Thanksgiving day. This was the opinion brought forth by W. M. Purcell, one of the attorneys for the prosecution.

Judge Ralph Kimball had hoped to secure a judge to fill his place here in this murder trial while he was employed with the regular court sessions at Landor. But he has been unable to find any judge and the work at Lander will require his time until just before November 27.

It is possible that a change of venue will be asked for all three men by the defense. In that case the men might come up for trial at Lander and much sooner than if they were tried in court here.

Certain minor pleas must be acted upon by the court before the main plea preliminary to actual trial is made, according to Attorney Purcell. Following the main plea, the time for trial will be set.

OFFER SUBSTITUTE OF RATIFICATION

F DEFEATED RESOLUTIONS FOR COMPROMISE INTRODUCED.

DEMOCRATS PLAN COURSE

May Vote Majority Plan Rather Than Have Treaty Fail of Ratification.

Washington, Nov. 19.—President Wilson today in letter to Senator Hitchcock of Nebraska urged the senate to vote against the Lodge resolution of ratification. The president declared the Lodge resolution was a nullification of the treaty the "door is open for the ratification of the treaty after the defeat of the Lodge reslution, the president latter declared.

Democratic senators after hearing the president's letter remained in secret session to plan their course according to the wishes of the chief executive. It is understood Senator Hitchcock will follow his proposed course of offering a substitute resolution of ratification immediately after the defeat of the Lodge resolution if it is defeated, and should the substitute resolution meet defeat further resolutions will be inrtoduced until a compromise can be reached.

Senator Lodge read the President's letter but refused to comment on it.

"Enough friends of the treaty will vote against the Lodge or majority resolution of ratification and reservations to prevent acceptance by two thirds of the senate" was the announcement of Senator Hitchcock following a two hour conference with the administration senators. He admitted, however, no agreement has been reached between him and his Democratic associates but said a number of the administration senators expressed a desire to vote for the majority plan rather than run the risk of having the treaty fail of ratification.

Should all efforts to get the resolution of ratification fail, it is understood the president will "pocket" the treaty until such time as he believes he can get favorable action.

WAS MISERABLE FOR 2 YEARS

Mrs. Butts Gains Twenty Pounds and Gets Rid of Nervous Indigestion.

"If it had not been for others allowing the news of their recovery published I would not have known about Tanlac and would still be a sick woman, so I feel like I ought to make a statement and try to help someone else," was the statement made by Mrs. R. T. Butts, of 3222 East 12th St., Kansas City, Mo., recently.

"By the help of Tanlac," continued Mrs. Butts, "I have gotten rid of a case of nervous indigestion that has made me miserable for two years. I could not eat anything without suffering intense pain afterwards. The gas on my stomach would rise up into my chest and press on my heart almost cutting off my breath. My nerves were so upset that the least unusual noise would almost distract me. I would often roll and toss in my misery until after midnight and what little sleep I did get seemed to do me no good. I was never free from head aches and would often get so dizzy that I would have to hold on to something to keep from falling.

"One day I happened to see a testimonial for Tanlac describing a case like mine. So I bought a bottle and before I had finished my headache was gone and my appetite had returned. When my first bottle was gone I got another and kept on improving until now I can eat anything and my stomach never troubles me any more. I am not the least bit nervous and I never have a headache nor a dizzy spell. I have not only been relieved of my suffering, but, I have gained twenty pounds in weight besides, and I have not enjoyed such good health in years. It certainly is wonderful how the right medicine will get a person to feeling right again. Tanlac was the right thing for me and I don't believe anyone can take it without being benefited."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wilcy, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Catarrh Is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S. today, and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh and gives satisfactory results. For special medical advice free regarding your own case, address Medical Director, 51 Swift Laboratory, Atlanta, Ga.

TO KEEP CUT FLOWERS

Cut off ends of stems before placing in water. Repeat this whenever water is changed—which should be at least every other day. Use only good fresh water for the keeping of all cut flowers. Keep flowers away from extreme heat and out of strong draughts. If these few simple rules are followed Engelmann's Fresh Cut Chrysanthemums will last about three weeks, Carnations about two weeks and other varieties of Engelmann's Fresh Cut Flowers accordingly.

Engagement Announced.

The news of the engagement of Miss Hildred Hanna, daughter of Mr. and Mrs. O. C. Hanna, to Henry D. Toel of St. Joseph was an item of much interest disclosed last night. Miss Ora Barmann and Miss Marjorie Wilfley gave a bridge at the home of Miss Barmann when the delightful news was told. Miss Hanna received the favor for high score, a cut crystal basket, and at the conclusion of the games the following verses were distributed among the guests:

We know a secret,
And as oft is the case
In a nutshell shall be found.
So adjourn to the dining room,
Now, if you'd know,
And carefully look around.

By each plate there was a nutshell tied with white ribbon and the one by Mrs. W. J. Montgomery's plate contained the following verses:

Now, all listen closely
And you will hear
The most interesting gossip
Of all the year.

Unlike many rumors,
'Tis true what's been said,
That Hildred and Henry
Are soon to be wed.

Already the date has
Been settled, and fixed
For a time very soon,
December the sixth.

So let's wish them well
In their new life
All sorts of happiness
But no sort of strife.

The guests received miniature corsage bouquets of greens and sweet alyssum as favors and the honor guest's favor was a shower bouquet. The dining table held as a centerpiece a wicker basket filled with greens and white chrysanthemums. White tapers in crystal holders, tied with white tulle, also graced the table. The green ices were in the form of a bride's slipper and the cakes were white and heart shaped. The hostesses presented the bride-elect with their wedding gift, a cut glass dish. The guests were limited to the Hum Drum and Bridget clubs of which Miss Hanna is a member. Mr. Toel is the son of Mr. and Mrs. George C. Toel of St. Joseph, former residents of this city.

A Missouri Woman's Experience

Vera Cruz, Mo.:—"I was in poor health last fall and was not able to do all my work; I had a dull headache all the time, and my memory was poor. I also had a hurting in my back and one of my legs would take spells of hurting and would feel numb, or dead. I could not sleep good at night—did not eat much and my nerves were in bad shape, so I decided to write to Dr. Pierce, of Buffalo, N. Y., which I did. He said for me to take the 'Favorite Prescription' and the 'Golden Medical Discovery' also some 'Pleasant Pellets' (all of which I got at the drug store) and I soon began to get better. All these symptoms have left me and I feel like a different woman. Am able to do all my work and tend my garden."—MRS. MARTHA JEFFERSON, Box 4.

"Weak, Nervous and Thin"

St. Joseph, Mo.:—"I became all run-down in health due to woman's weakness I was weak, nervous and got very thin. I doctored and took different medicines for this condition but did not get any relief until I began taking Dr. Pierce's Favorite Prescription and it soon restored me to health and strength. I was so completely cured of this condition that it has never given me any trouble since.

"My father took the 'Golden Medical Discovery' for a catarrhal cough and it gave him relief where all other medicine had utterly failed."—MRS. J. W. EVALSON, 2801 S. 23rd St.,

"Weak, Run-Down and Nervous"

Hannibal, Mo.:—"I have taken Dr. Pierce's Favorite Prescription as a tonic when I was weak, run-down and in a very nervous condition, and found it was just what I needed to build me up and give me strength. It did me so much good that I can safely recommend it to others."—MRS. MARY KRAFT, 403 Fulton Ave.
